Questions or ideas:

Please contact Jim Flanagan
pvcaeducator@pennsvalley.net

Need to get out and explore? Early May is perfect for stroll through Chicory Lane Farm.

The Look UP, Look DOWN Walk at Chicory Lane Farm brings together the search for the birds and the plants of spring. Area specialists will guide participants through Chicory Lane to discover the migratory birds and permanent residents of Central Pennsylvania. We will also be on the lookout for native spring flora and learn about their medicinal, herbal and edible uses. Please dress for the weather and bring binoculars if you have them. Hope to see you there.
